

PARKER PHELPS

Winston-Salem, NC 27103 | (336) 831-3432 | pp101socials@gmail.com

As a Front-End Web Developer, I possess a wealth of experience and expertise in creating visually stunning and responsive user interfaces for websites and applications. With a deep understanding of web development technologies such as HTML, CSS, JavaScript, Sass, Python, Java, PHP and etc. I have developed an extensive skill set in popular front-end frameworks such as React and Next.js.

EXPERINCE

04/2023 – 05/2023

Frontend Developer | RTSYVisuals | Lexington, NC

Recreated client's photography website from scratch using HTML5, CSS3, Sass, JavaScript and Next.js. Also linked up domain to Netlify for free HTTPS hosting. [View Code](#) [View Demo](#)

03/2023 – 05/2023

Capstone Project | Forsyth Tech Community College | Winston-Salem, NC

Worked with a team of both programmers and database technicians to create a Medical Office Administration PyQt5 and SQL Alchemy desktop application. [View Code](#)

05/2023 – 05/2023

Frontend Developer | Personal Project | Winston-Salem, NC

Created a PyQt5 desktop application for creating different program files. Allows the user to create a specific file by selecting an extension and setting a name for that file. [View Code](#)

05/2023 – 05/2023

Frontend Developer | Personal Project | Winston-Salem, NC

Created a PyQt5 and SSMS (SQL Microsoft Studio Management 19) desktop application for storing and protecting accounts that the user may have created. [View Code](#)

03/2022 – 04/2022

Frontend Developer | Personal Project | Winston-Salem, NC

Created an ecommerce-based website dedicated to the anime and manga series, JoJo's Bizarre Adventure. The technologies used were HTML5, CSS3, Bootstrap, JavaScript and Next.js. [View Code](#) [View Demo](#)

12/2021 – 01/2022

Frontend Developer | Personal Project | Winston-Salem, NC

Created an informational-based website dedicated to hedgehogs and their different species. The technologies used were HTML5, CSS3, Sass, Bootstrap, JavaScript and Next.js. [View Code](#) [View Demo](#)
